B. L. and T. M. Wilson, the well-known horsemen and farmers of Barren county, have just bought of John Sikes 300 acres of land in "The Barrens" for \$15,000. The Sikes farm adjoins 1,200 acres already owned by the Wilson brothers, and makes them the owners of 1,500 acres worth between \$75,000 and \$100,000, and all bought within the past 10 years.

On account of the litigation carried on before the State's appropriation of \$15,000 for the Kentucky State Fair was declared legal, there has been uneasiness shown by exhibitors lest there be a hitch in the payment of premiums. The management of the Fair however, is in receipt of a letter from State Auditor Hager stating that the money will be paid whenever desired. All fears may, therefore, be allayed. There is every indication that Kentucky's big State Fair, to be held in Lexington, September 18-23, will be the largest and best exhibition of live stock and agricultural products ever held in the South.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed 10 per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Lyne Bros., Crab Orchard.

Auditor Hager, in a letter to President Babbitt, of the Kentucky Wholesale Dealers' Association, construes the act of 1904, imposing a license tax on rectifiers of spirits, as not conflicting with the act of 1902, requiring license on the business of wholesaling distilled spirits and rectified spirits. In other words, if a person is a rectifier or a blender, and is also engaged in the wholesaling of rectified spirits, he must pay a license tax for each business. The matter is of considerable importance to all rectifiers.
